Dep. Head Teachers:

Mrs. L. Jones B.Sc.(hons)

Mr. D. Clarke B.A.(hons)

Dear Parent/Carer,

At Parent's Forum last month, parents requested more information/resources to support children at home with their Maths work. Therefore I've produced Non-Negotiables for each year group, followed by an activity booklet containing example questions. Non-Negotiables are the minimum expectations that all pupils must attain by the end of the year. They are in no way intended to cover the entirety of the maths curriculum, they are an on-going reminder of key objectives for the year group. They are the basics in order to embed and support meaningful learning.

This document is available to download from our school website under the tab 'Parents' and then in 'Supporting your child → Maths Non-Negotiables' folder. If you require further information, please don't hesitate to contact me on this matter.

Yours sincerely,

Mrs Jones

Deputy Head Teacher
