

Imaginative Learning Journey This Term: **Predator**

TOPIC OVERVIEW

It's time to take a walk on a wild side! Learn about creepy crows and amazing alligators, the deadly assassin bug and the voracious Venus flytrap. Be inspired to write an informative leaflet all about your favourite predator and compose a poem about a predator or its prey.

Then use what you know about the best of the beasts to create the ultimate predator; the apex of the chain. Cross your mum with a peregrine falcon or your nan with a great white shark! What incredible species can you imagine?

Feeling peckish? Let's jump aboard the food chain!

SUBJECT OVERVIEWS

- **ENGLISH:** Fables, poems, explanation texts, information texts, adventure stories
- **MATHS:** Multiplication, division, fractions, time, subtraction, addition, handling data
- **SCIENCE:** What are flowers for? Plant investigations, life cycles, food chains, human body
